

survivors who report are now facing, right the injustices suffered by those that have already gone through this system and provide the care, resources and understanding for these survivors to get better.

#### OBAMACARE, MEDICAL DEVICE, MEDICINE CABINET TAX REPEALS, AND FSA IMPROVEMENT

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Tennessee (Mrs. BLACK) for 5 minutes.

Mrs. BLACK. Mr. Speaker, as one of the most outspoken opponents of ObamaCare, I hope that in the coming weeks the Supreme Court strikes down this disastrous piece of legislation. But the fact is no matter what the Supreme Court decides about ObamaCare, it does not change the reality that this law is horrible policy.

In just 3 short years, ObamaCare has already resulted in fewer jobs, higher health care costs, and more debt. That's why I have voted more than a dozen times to either defund or repeal ObamaCare since being elected to Congress. For instance, last November, my legislation that closed a loophole in the health care law and saved taxpayers \$13 billion was signed into law.

Today, the House will vote on legislation to repeal two of the ObamaCare law's most egregious job-killing taxes in this law: one, the medical device manufacturing tax; and, two, the medicine cabinet tax.

According to the Joint Tax Committee, the medical device tax increase will take away \$29 billion from job creators over the next decade. These higher costs will be passed along to consumers, like veterans with prosthetics and seniors with pacemakers and hip replacements.

This bill will also repeal the medicine cabinet tax increase, which prevents owners of health savings accounts, or HSAs, or flexible spending accounts, FSAs, from using these accounts to purchase nonprescription, over-the-counter medications. ObamaCare's limitation on purchasing over-the-counter medications will result in longer wait times for those who truly need the care and will also drive up health care costs.

In addition to repealing these disastrous tax hikes, the bill also improves the flexible spending accounts by allowing participants to get back unused FSA dollars, up to \$500, as taxable wages in the subsequent year. Under current law, any unused balance goes back to the employer and is lost by the employee. This reform to the FSA accounts rewards, rather than penalizes, consumers for being healthy and saving their money.

Before coming to Congress, I worked in health care as a registered nurse for more than 40 years. I have seen firsthand the problems and obstacles patients and health care providers face. But ObamaCare is only serving to exacerbate the current problems and creates entirely new problems.

Our health care system desperately needs market-based and patient-centered reform, not a government takeover. It is critical that the House continue to fight against ObamaCare until either the Supreme Court overturns the law in its entirety or until we have willing partners in the Senate and in the White House.

#### BROADCAST WARNINGS THROUGH MOBILE DEVICES

The SPEAKER pro tempore. The Chair recognizes the gentleman from Michigan (Mr. CLARKE) for 5 minutes.

Mr. CLARKE of Michigan. Mr. Speaker, as a member of the House Committee on Homeland Security, I'd like to thank our broadcasters for providing free radio and television broadcasting and warnings to our public that protects our families from impending disasters.

And to better warn our public in future emergencies, I ask this Congress to consider how we can make local free radio broadcasting available on all of our cell phones. You see, providing these broadcast warnings through our mobile devices could be the most effective way that we can protect our families when disaster hits.

#### MAINTAINING INTEGRITY IN ELECTIONS

The SPEAKER pro tempore. The Chair recognizes the gentleman from Florida (Mr. NUGENT) for 5 minutes.

Mr. NUGENT. Mr. Speaker, I think we can all agree that the integrity of our elections is of fundamental importance to our democracy. We need to ensure that everyone who is eligible to vote has the ability to vote, and those that are ineligible to vote are stopped from voting in our elections.

We also have the responsibility to ensure that this responsibility falls largely on the States to ensure that voters have the right to vote that are eligible to. They do this by making sure that their voter rolls are clean, that their voter rolls are accurate. It's important that States have the ability to do that.

In my own State of Florida and others throughout this country, the Federal Government is being asked to help.

□ 1030

The Department of Homeland Security, in particular, has been unwilling to help those States that are asking for it.

Mr. Speaker, DHS is denying Florida the process to access what is called the Systematic Alienation Verification Entitlement database, or SAVE, as it's commonly referred to. SAVE undoubtedly is the best database for the States to use to cross-reference and cross-check their voter rolls for eligible or ineligible voters.

DHS is denying us access to this database, despite its own documents and regulations clearly stating that

SAVE, for voter registration purposes, is one of the permissible uses. This is within their own documents as it relates to the operation of DHS. By denying access to the SAVE database, DHS is preventing States from ensuring to the best of their ability that the integrity of our elections is saved and preserved.

As we move forward with appropriations for Homeland Security, I feel we need to acknowledge the DHS refusal to meet this basic need and a basic request of our States. DHS' stonewalling is not something the people of Florida deserve, and it certainly isn't something that elected officials should tolerate.

Mr. Speaker, Floridians should not be denied the right to the fairest and most accurate elections possible. Floridians' votes should not be diminished because of political maneuvering by a Federal agency. No vote should be counted when it's cast by someone who is not eligible to vote in the United States, vis-a-vis, they're not a citizen of this country.

DHS, through their SAVE program, has the ability to pass that information on to States. Florida is not the only State that has requested this information from DHS. DHS has, I believe, an ethical responsibility to provide that information because it's contained within their own bylaws and operation procedures within the Department of Homeland Security; and they have just stonewalled the States in regard to them trying to make sure their voter rolls are the most accurate possible.

Mr. Speaker, I believe that they are doing a disservice to the American public. Every vote should count. Every vote should count, and DHS should be required to submit the information to the States so they can make sure that their voter rolls are as accurate as possible.

#### HONORING THE ACHIEVEMENTS OF DR. AL MANN

The SPEAKER pro tempore. The Chair recognizes the gentleman from California (Mr. ROHRBACHER) for 5 minutes.

Mr. ROHRBACHER. Mr. Speaker, there are many heroic people among us who have been involved in making our quality of life in America the best the world has ever seen and, at the same time, uplifting all of humankind. While we oftentimes focus our gratitude and our adoration on politicians and athletes and movie stars, we need to acknowledge the many innovators, inventors, and technology entrepreneurs who have played a significant role in overcoming the many challenges we humans face together, challenges to our health and limitations to our physical well-being.

One of the most heroic of these special people is Dr. Al Mann. He flew in B-29s during World War II; and upon his return home, Al decided, instead of
